

## INSURANCE REPORT

Presented to the

2012 BC Athletics Annual General Meeting – December 2, 3, 4, 2011

The insurance coverage carried by BC Athletics is:

1. Liability - **\$5 million** - Covers all BC Athletics annual members (individuals and registered clubs) 365 days per year, for approved or sanctioned activities related to the sport of Athletics. Coverage is also provided for: sponsors, corporations, cities and others as named that are associated/involved with a BC Athletics sanctioned event. For school club (individual school, school district club for the September to June 30 time period) when involved in Athletics sanctioned Track & Field, Race Walk, Road and Cross Country Running, Camp or other BCA/Club events outside the school program.
2. Liability - Day of Event Member: Is also covered through the Association's liability policy at an additional charge over the premium for the annual members. The premium per person is small because of the numbers in events and the group rate provided to BC Athletics through Sport BC Insurance.
3. Sport Injury/Accident: is in place for annual members of BC Athletics and assists in the costs (with limitations and exclusions) that exceed the coverage provided through the BC Medical Services Plan. (See the insurance brochure). Note: Physiotherapy – limit of \$30/visit, \$300.00 maximum per accident.
4. Equipment Insurance: is in place for equipment owned and located in the BC Athletics office; located external to the office; the Legacy Equipment owned by BC Athletics; and Athletes personal equipment (i.e. Pole Vault Poles) when the athlete is a selected member of a BC Athletics Team or other BC Athletics program.
5. Equipment coverage is also available to clubs at a rate of **\$2.00 to \$3.50 per \$100.00 value of equipment – depending on whether or not the equipment is used outside the home venue.** Available through Sport BC Insurance. Coverage begins upon receipt of payment and an itemized list of equipment. Coverage is replacement cost, with a deductible of \$500.00.

organizing committee and BC Athletics the policy does not respond or cover the medical costs. This applies to any and all athletes. If the individual is a Canadian Citizen then coverage is provided through the Provincial Medical Services Plan. If the injured party is a BC Athletics Annual Member, then costs as per the policy would be covered by the BC Athletics Accident and Sport Injury Insurance Policy. In the case of a foreign athlete they should have medical insurance coverage for foreign countries, which would have to be purchase before entering Canada. An alternative to buying the coverage would be for the organizing committee(s) of the competition(s) the athlete(s) are entering to purchase what is known as "Visitor's to Canada Hospital Medical Coverage". Rates are different for various ages, which if in the future was an option for competition organizers, would have to be clarified. With this kind of coverage (Visitor to Canada) the insurance company must be provided with the name(s) of the individual(s) being covered, their year of birth, the date of arrival to Canada and their date of departure from Canada. This coverage is not available through Sport BC Insurance. See Travel Insurance Coordinators at: [www.travelinsurance.ca](http://www.travelinsurance.ca)
