

## ACDirect Club Access Waiver Form 2012 Registration Year

*Completed form must be submitted to BC Athletics by August 31 2011  
in order to have access to ACDirect on September 1, 2011*

---

Access to ACDirect requires that a waiver for the current membership year be on file in the BC Athletics office for each person in the club who is to have access to ACDirect. The waiver is completed by the club President and the Registrar requesting access and serves to verify the identity of the Registrar, provides his/her email address and where login information will be sent. Both individuals signing the waiver must hold a current BC Athletics Associate membership. The Registrar will be given password-protected access to club data through the email address provided below. Password-protected access information is not to be used or passed on to anyone.

BC Athletics values the privacy of its members. We consider registration data to be **Confidential Information**. We do not divulge information to outside agencies. A new waiver must be completed if there is a change of Registrar during the current season.

### **Club Registrar:**

As Registrar of my club I agree that I will not share my access information and/or details of the AC Direct Online Registration system with anyone without the consent of BC Athletics. I recognize that the registration information I am handling for my club is private and confidential and must be kept so.
