

2017 Combined Events Report

Summary of Committee Activities in 2017

Met as a group three times.

Communications were also done through conference calls, e-mails and phone.

Event-specific topics were:

- * Review and update standards for the 2017 AAP
- * Research and recommend athletes who have achieved the standards for the AAP
- * Review BC Team Selection Criteria
- * Review and update standards for 2017 BC Team selection
- * Select for all BC Teams: Senior, Junior, Youth, Midget
- * Annual selection of coaches for all BC Teams
- * BC Athletics Training Camp options for the next 4 years

Highlights of success

We had a fantastic year for combined events. We never had such deep participation from the grassroots level to the juniors. Although the BC high school championship results are not included below, all of the athletes deserve recognition. The hard work that the schools and clubs put in over the past few years is starting to pay off. Now we have to figure out how we can motivate athletes to stay all the way to the international level.

Records

Goals for 2018 relating to the Strategic Plan objectives

- * Delivering multi-events specific clinics/workshops all over BC.
- * Continue to promote community involvement and outreach.
- * Creating a database profile for provincial event coaches to improve multi-way communications.
- * Developing a functional mentorship system for coaches on all levels.
- * Create a model for how to transfer the depth from the youth to the senior category.
- * Create a model for how to encourage athletes to stay competing after post-secondary education.
- * AC/BC rankings/records database needs to improve to keep results current, and accurate, with wind readings and placing posted.
- * Reminder about LTD: Combined events are the base of athletics!
