

Notice Regarding 2020 Junior Development Performance Lists

Dear BC Athletics Member,

As you all know, the COVID-19 Pandemic significantly impacted the 2020 Track & Field season, in terms of both ability to train and to compete. One consequence of this was that very few competitions with JD athletes were able to occur in 2020. Recognizing how few JD athletes were able to compete in 2020, the BC Athletics Junior Development Committee has decided not to compile the following documents:

- The 2020 Junior Development Annual Top 10 Performances By Event
- The 2020 Junior Development Annual Top Performances By Athlete

The Junior Development All Time Top 10 Performances Book has been updated with 2020 results and is posted on the BC Athletics website.

Those athletes who would like to look up their results in 2020 can check the Athletics Canada Rankings at: <https://athletics.ca/calendar-rankings/rankings/> (set Area filter to BC to be able to view JD results).
