Executive Summary

This document describes the core competencies for officials at each of the performance levels. The core competencies comprise the following:

- **Performance expectations**—what we expect an official at a specific level and discipline should be able to do, and the conditions under which that performance should be realized.
- **Abilities, knowledge and skills**—required to achieve the performance expectation. This information will be used to design, develop and deliver training and support materials. It will also be used in mentoring and evaluation programs.

The core competencies are summarized in the illustration below and described in more detail in the document.

<tbody>
<tr>
<td>Level 1</td>
<td>Officials at this level are generalists who will help under supervision of a level 3 or higher official.Officials at this level are not expected to independently apply or enforce IAAF or meet rules.</td>
</tr>
<tr>
<td>Level 2</td>
<td>Officials at this level are still generalist but have some individual responsibilities in applying rules as explained at the start of the meet/day by the Chief official for the event. For example, a Level 2 official assisting in a Call Room will enforce Rule 143 (Clothing, Shoes, Athlete Bibs) as explained by the Call Room Chief.</td>
</tr>
<tr>
<td>Level 3</td>
<td>Officials at this level are specialists in specific events. They will be able to Chief the corresponding event for a Provincial level championship meet. The official should know and be able to apply all applicable rules for the specialty or discipline.</td>
</tr>
</tbody>
</table>
Officials at this level will focus on leading teams and managing volunteers in their area of specialty.

They will be expected to proactively identify and address problems appropriately.

They will be expected to work under more complex situations such as media presence, international athletes and officials, National championship meets, etc.

This project to identify core competencies was undertaken by the BC Athletics’ Officials Committee under direction and support of the National Officials Committee of Athletics Canada. Comments and questions on these core competencies should be directed to either of these committees.
General

Common Performance Expectations

The performance expectations listed below apply to officials across all disciplines (e.g., starters assistant, starter, umpire, field judge). Discipline specific requirements are listed in further in this document.

Level 1

An Official at this level is able to perform simple tasks such as the following, under the direct supervision of a Level 3 or higher Official:

- Assisting Judges in a Vertical Jumps team by
  - Carrying out the responsibilities of a bar judge on a vertical jumps team:
    - Correctly replacing vertical jump bars.
    - Placing (moving) Pole Vault standards.
  - Placing and removing a cone to indicate beginning of a trial.

- Assisting Judges in a Horizontal Jumps or Throws team by:
  - Anchoring a measuring tape correctly.
  - Placing and removing a cone to indicate beginning of a trial.
  - Operating a timing clock.

- Assisting Umpires by
  - Setting hurdle heights and spacing.
  - Lap score.

- Assisting Starters Assistants by
  - Helping to assemble athletes in the Call Room or at the Start line.
  - Distribute, place and/or remove start line equipment such as relay batons, starting blocks.

Level 2

The official is capable of being a reliable team member in all of the event disciplines listed below. The official is expected to perform tasks under supervision with some duties performed independently. This Official is not expected to function as a Chief Judge, Assistant Chief Judge or Section Head. The Level 2 Official should meet the Performance Expectations for all of the disciplines listed under level 2 before certification at Level 2.
Level 3

An official at this level possesses all the knowledge and skills described in Level 2 for his area of specialty. In addition, the official is able to act as the Chief Judge, at a Provincial Championship or equivalent, where there is a fair level of formality, e.g., there are Referees, Jury and a Call Room. She should be able to instruct and supervise a small team, train volunteers and instruct athletes. He should have complete familiarity with the technical rules in the area of specialty. She should be able to review the relevant venue for compliance with safety standards, event presentation and rules (e.g., correct start line, correct sector lines for throws, correct scratch line for vertical jumps, hurdles placed correctly at right height).

Level 4-5

An official at this level possesses all the knowledge and skills described in Level 3 for his area of specialty.

In addition, the official is able to act as the Chief Judge, at a National Championship, qualifier for a national championship and/or a meet involving para-athletes. These meets typically have more complexity in terms of international athletes (e.g., multiple languages), media involvement and involvement of international officials. She should be able to lead the entire process from planning and setup through execution and completion.

Leadership and management skills are the predominate skills required at this level as well as the ability to proactively identify issues and address appropriately to minimize their impact.

Performance expectations for level 4-5 Officials are leadership and management—being able to setup and lead the event in their discipline from start to completion. This includes:

- Ensuring the necessary equipment and supplies are available on-site and the area is setup according to IAAF rules.
- Identifying and communicating staffing requirements to the Meet Director.
- Planning the event to ensure there are enough materials to orient and supervise volunteers.
- Anticipating and addressing any bottlenecks or issues from volume of athletes or meet schedule.
- Responding to any issues and ensuring the solution is communicated in a timely and consistent manner to other officials, athletes, coaches and other impacted parties. For example, delaying the event due to weather conditions and revising and communicating
the change in schedule; adapting the layout of the area to accommodation more/less athletes than planned.

- Leading the team of volunteers and officials through the meet to ensure procedures are followed, rules applied consistently while providing a safe, fair competition that is a positive experience for all those involved.
- Completing the event by ensuring equipment is put away, site cleaned and a debrief with the team is conducted and documented in the final report.

Common Abilities, Knowledge and Skills

The abilities, knowledge and skills listed below apply to officials across all disciplines (e.g., starters assistant, starter, umpire, field judge). Discipline specific requirements are listed further in this section.

**Level 1**

**Abilities**—an Official at this level will be able to:
- Work cooperatively as a team member, accountable for understanding and following instructions.
- Adhere to appropriate conduct guidelines.
- Maintain focus on a task until completion of the event.

**Knowledge**—an Official at this level will be familiar with:
- The layout of the stadium and its venues.
- The roles of the major officials—chiefs, referees, meet director.

- Overall “officials pathway” and the requirements and procedures for upgrading to the next level.

**Skills**—an official at this level will be able to perform the following skills:
- No specific skills identified for this level.
Level 2

In addition to the abilities, knowledge and skills listed in the specific discipline section, a Level 2 official will also have the following:

- Knowledge of the requirements and procedures for upgrading to the next level (Level 3).

Level 3

In addition to the abilities, knowledge and skills listed in the specific discipline section, a Level 3 official will also have the following:

- Knowledge of the requirements and procedures for upgrading to the next level (Levels 4-5).
- Ability to balance the application of rules with ensuring a safe meet that runs on schedule and provides a positive experience for the athletes, coaches, volunteers, other officials and spectators.
- Liaise with other key officials to safely conduct the meet on schedule—including adapting to changing conditions to ensure an efficient and safe meet.
- Contribute to the athlete’s positive experience at event—including providing information, treating all athletes in a consistent and fair manner, accommodating reasonable requests for delay, technical changes, etc.
- Respond effectively to different athlete groups (e.g., junior development vs. international vs. masters athletes) with respect to their different capacities and relevant rules (e.g., different false start disqualification rules for junior development and older athletes).

Level 4-5

Abilities—an official at this level will have all of the abilities listed in levels 1 through 3 plus be able to:

- Lead the team of assigned volunteers and other officials—training, positioning, motivating, and addressing performance issues.
- Anticipate issues and proactively address to ensure the meet runs efficiently, fairly, safely and on schedule.
- Handle high profile meets—handling the requirements and protocols for high profile meets (e.g., media, multi-languages, international officials).

Knowledge—an official at this level will have the knowledge listed in levels 1 through 3 plus the following:

- Technical rules regarding para-athletes and their events.
• Processes for conducting the event at a high profile meet.
• Leading teams of volunteers.

**Skills**—an official at this level will be able to perform the skills listed in levels 1 through 3 plus the following:
• No additional skills required at this level.
Starter’s Assistant

Overview

The following is a summary of the performance expectations for a Starter's Assistant at each of the five levels. Additional details and supporting abilities, knowledge and skills can be found in the corresponding sections below.

The performance expectations are cumulative—the official is expected to meet the performance expectation at their current, and previous levels.

- Interpret and enforce requirements in the applicable IAAF rules and Meet Technical Package.
- Liaise with the Start and Finish line officials to safely conduct the Meet on schedule—including adapting to changing conditions to ensure an efficient and safe Meet.
- Volunteers (level 1 and 2 officials) are oriented and supervised in carrying out the procedures and applying rules.
Call Room
- Mark up (annotate) start lists, file and distribute as indicated in the
  meet Technical or Officials’ Manual
- Document, communicate and update Call Room check-in times at
  start of day/meet and throughout the meet to reflect any schedule
  changes and/or delays.
- Setup and maintain the layout and equipment of the Call Room such
  that it provides effective athlete control and work-flow (review before
  beginning of meet).
- Orient and supervise Call Room team to follow procedures, apply
  rules and elicit best performance from other members of the CR team
  while ensuring a safe and positive experience for the athletes and
  other officials, coaches and spectators.

Start Line (Track)
- Verify athletes have the correct identification (bibs, hip numbers),
  and that they are worn correctly.
- Assemble athletes in correct lanes, heats and start positions.
- Communicate the start, cut in, relay exchange and advancement
  procedures to athletes as appropriate for their experience level.
- Position self and other start line (SA) team correctly at the Start Line
  and use agreed signals to communicate with the Starter.
- Use agreed protocols (cards) to inform athletes of Starter’s decisions
  (false start, warning, no charge).
- Orient and supervise start line (SA) team to follow procedures,
  apply rules and elicit best performances from other members of the
  SA team while ensuring a safe and positive experience for the
  athletes and other officials, coaches and spectators.

Knowledge—an official at this level will have the knowledge listed in levels 1
and 2 plus the following:
- The start area for all track races and the common practices for athlete
  control in each—including relays and race walk (except para-athlete
  events—a level 4 requirement).
