

Officials' Travel Subsidy Program

Purpose:

This program is for level 1 or 2 officials who reside in smaller communities without local competitions or, without qualified higher level officials who could mentor or evaluate. This program will offer a \$200 subsidy so these officials can travel to meets with the purpose of upgrading to the next level through gaining experience, mentorship or an evaluation. It can be used to offset the costs of accommodation and/or travel.

Structure:

- There will be five subsidies available in each calendar year.
- Only one grant per applicant per year.
- Priority in any year will be given to applicants without a previous subsidy.
- Although it can be used for accommodation or travel it is in addition to the regular travel funding that is available from BCA.

Eligibility Criteria:

- Must have current BCA membership.
- At least 1 year of experience as a certified official.
- Some or all of the credits required to upgrade to the next level.

Procedures:

1. An application will be forwarded to the BC Athletics Officials Committee.
2. The applicant must identify the meet he/she wishes to attend
3. The application must be received in advance of the intended meet.
4. The Committee will assist in coordinating the mentorship opportunities or the evaluation for successful candidates.
5. The Committee will notify successful candidates prior to the meet.
6. The official will submit an expense form with receipts etc.
