

### Jacob Emerson Zone 3/4/5 Representative

Jacob Emerson has been involved within athletics for 12 years as an athlete, official, and coach. After having so many individuals help him through my training, he decided to take that knowledge and help other aspiring athletes. Over the last 5 years, Jacob has coached athletes at York House High School and during summer camps. Over the last 2 years he has held one of the zone 3/4/5 representative seats and focused on making sure that our athletes are looked after.

Looking forward Jacob hopes to keep helping athletes strive forward, increase the number of officials and help return to safe sport to our new normal. Over the next few years, these may very well be most discussed topic within the organization.
