

## **Okanagan Lake Park, Penticton BC**

May 27<sup>th</sup>, 2014

Last week, May 22-24 on the sunny shores of Okanagan Lake in Penticton, BC the Okanagan International Children's Festival returned with an incredible line-up of entertainment for children of all ages to participate in!

Run Jump Throw was onsite to bring a physical activity component to the festival which was a huge success to the near 2000 children that attended the festival. The relay race that incorporated a running, jumping, and throwing challenge kept most coming back for rematches and even challenging the instructors to a race! Watch the short [VIDEO](#) clip to see some participants in action!

We look forward to hopefully attending the event in the future and would like to thank the event organizers for the opportunity to be included again this year. Also, a huge thank you to the volunteers that helped throughout the week to make the event and even bigger success!
